SALES BROCHURE

FOR TAHAKOM RENOVATION CONTRACTORS

CONTROL ROOM TABLE

Corian worktops, manufactured to the measured site layout.

750 mm	650 mm	BY SITE
Fixed worktop height	Fixed worktop depth	Length and station count

Length and stations follow your site requirements.

The contractor specifies the required length and number of stations against confirmed room measurements. MSU retains the design height and depth.

AI-generated illustrative arrangement. Monitors and operating equipment are shown for context.
